Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The prior arts of record do not show the EL display device comprising a switching thin film transistor having a pair of first impurity regions and a current controlling thin film transistor having a pair of second impurity regions in which the impurity concentration of the second impurity region is higher than the impurity concentration of the first impurity region.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
